We are really impressed with all year groups and the superb attitudes to learning they are showing us in all areas of the curriculum. We are seeing so many pupils showing us that they are creative, caring and daring on a daily basis, which is a fantastic start to the new year. Nursery children have joined us and have settled in so well, following new routines, confidently exploring the environment and making new friends. The children seem happy and confident in their new classes and are really engaged in their learning. We can't wait to see the fantastic progress they are going to make this term.

Bromcom

Thank you for bearing with us whilst Bromcom was not working properly. Hopefully the company have rectified all of their issues and it will be smooth running from here onwards.

Maths Café

This term we are inviting parents into school to be with your child during their maths lesson so you understand how we teach maths in school and what you could do to support your child further at home. Younger siblings will not be able to attend as this may disrupt the session. For year groups 1-6 these sessions will last for an hour from 9am- 10am but reception's session will be slightly shorter finishing at around 9.40. The dates are listed below. Please sign up to these sessions through the school office- the children will love to have their parents and carers in their classroom!

Jeans for Genes

Thank you to everyone who has supported the charity and has made a donation so far, it is really kind of you. If you would still like to donate here is the link:
